NEW PERSPECTIVES OF DESIGN

WEHOME is a brand that creates, develops and produces a range of furniture and decoration accessories for the home, where the unique and timeless design is a common element.

Combining technology and crafts, bold creative thinking and differentiated materials, our ambition is to offer a new perspective on design.

WEHOME
design studio

My passion for the world of design and creation has been evident. With a background in architecture and a deep immersion in the universe of furniture and decoration from an early age, I have always sought to stand out through creations that transcend the ordinary.

My journey as designer and architect has given me a better understanding of forms, spaces and compositions. Over the years, this expertise has merged with my passion for design, resulting in an innovative and distinctive approach to creating art pieces.

The incessant search for something unique and innovative has always been at the heart of my work. Each creation is a carefully crafted expression of my personal vision, destined to stand out and leave a lasting mark.

My new wall art collection is more than simply decoration; it is an expression of creativity, originality and passion. I invite you to explore and discover how these unique pieces can transform and enrich your home environment.

Gualter Nogueira T.
